Notice of Request under Blanket Authorization

Take notice that on April 20, 2017, Caledonia Energy Partners, LLC (Caledonia), 20329 State Highway 249, Suite 500, Houston, Texas 77070, filed in Docket No. CP17-211-000, a prior notice request pursuant to sections 157.205 and 157.216 of the Commission's regulations under the Natural Gas Act (NGA). Caledonia seeks authorization to abandon Gas Storage Wells No. 7 and No. 9, both located at its storage facility (Caledonia Facility) in Lowndes and Monroe Counties, Mississippi.

Caledonia proposes to perform these activities under its blanket certificate authority issued in Docket No. CP05-16-000, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

In its application, Caledonia also states that the abandonment of Wells No. 7 and

No. 9 will not have an effect on Caledonia's ability to serve its storage customers, as there will be neither an effect on deliverability, nor an adverse impact to storage volumes. Caledonia also states that the proposed abandonment will not affect the existing boundary, total inventory, reservoir pressure, reservoir and buffer boundaries, or the certificated capacity of the Caledonia Facility.

If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a) (1) (iii) and the instructions on the Commission's web site (www.ferc.gov) under the "e-Filing" link. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426.
